Claims - Anthem BCBS

Have you had telehealth claims rejected by Anthem BCBS? You're not alone! Dietitians have identified this as a nationwide issue.

Per the Kentucky Department of Insurance, insurance providers in Kentucky are required to reimburse for telehealth services at the same rate as covered in-person services through September 2022. Anthem is required to pay previously denied telehealth claims.

We're working with Anthem, the Kentucky State Insurance Commissioner, the Kentucky Attorney General and the Academy of Nutrition and Dietetics on this issue. If you have been impacted and are seeking compensation, please join our group by emailing Erin Casey, erin.michelle.casey@gmail.com. Feel free to reach out with any questions about this issue or Nutrition Services Payment.
